To whom this may concern,

PROFESSIONAL REFERENCE FOR CPL LUKE MOORHOUSE

1. I am pleased to write this reference letter for CPL Luke Moorhouse, who has been an invaluable member of our team. The Defence People Group: Mental Health and Wellbeing Branch, Programs and Implementation Division focuses on creating and implementing initiatives to support the mental health needs of the Defence community.
2. The team undertook a complex and significant task of developing and implementing a phone application aimed at enhancing the reach of our mental health preventative services. This project required bridging the knowledge gap between our mental health strategy team and the technical requirements of software development. CPL Moorhouse played a crucial role in this initiative.
3. CPL Moorhouse effectively acted as the liaison between our team and the contracted software development team. Their ability to understand and translate technical jargon into actionable insights was instrumental in setting realistic expectations and ensuring clear communication between all parties involved. Additionally, he provided timely subject matter expert advice during several key strategic meetings with the Director of the Programs and Implementation Division, providing detailed insights on the application progress that supported effective command decision.
4. Although the application is now being transitioned to a web portal platform, CPL Moorhouse's contributions should not be overlooked. His work was instrumental, and he consistently exceeded expectations. I have no doubt that CPL Moorhouse will be a valuable asset to any organisation, particularly in the software engineering industry. Their technical acumen, coupled with their ability to manage complex projects and facilitate effective communication, makes them an outstanding candidate for any role they pursue.
5. Please feel free to contact me if you need any further information or clarification.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Lucas Liew', with a long, sweeping underline.
